

Ultra-Containment Berm® Mini Foam Wall Models

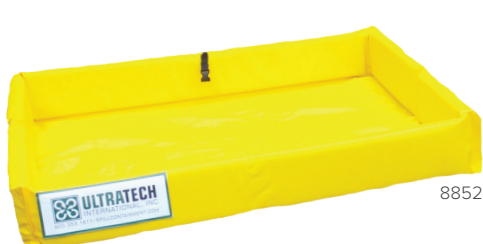

Quick and convenient spill containment for vehicles, equipment and containers.

- + Foldable mini berms (duck ponds) are compact and easy to store but deploy in a moment's notice to respond to a spill.
- + Berms fold down and can be secured using attached strap – provides simple and convenient transport and storage.
- + Foam sidewalls (6"H) provide support but can be driven over / stepped on for easier equipment / vehicle placement.
- + Heavy-duty 18 oz. PVC construction provides excellent chemical compatibility.

Applications include:

- Capturing leaks under trucks and other vehicles on site.
- Storage pad for equipment or liquid containers, cans or drums.
- Containment for fuel transfers from tank to truck.
- Maintenance or repairs done on equipment in the field
- Spill containment for batteries, compressors and small drums.

Part#	Material of Construction	Dimensions ft. (m)		Containment Capacity gal (L)	Weight lbs. (kg)
		Wall Height: 6 in. (152 mm)	Wall Thickness: 2 in. (51 mm)		
8850	18 oz. PVC	2 x 2 (0.6 x 0.6)		15 (57)	3 (1.5)
8852	18 oz. PVC	4 x 4 (1.2 x 1.2)		60 (227)	7 (3.0)
8854	18 oz. PVC	4 x 6 (1.2 x 1.8)		75 (284)	9 (4.0)
