

ULTRATECH
INTERNATIONAL, INC.

Ultra-Safe Connect[®]

Capture leaks, drips and spills at fluid transfer hose connections.

- + Capture leaks, drips and spills at fluid transfer hose connections.
- + Spill containment berms and concrete loading pads provide containment for trucks that are off-loading fluids but typically do not provide any spill protection at the connection point at the other end of the hose. The Ultra-Safe Connect is the answer.
- + Included drain plug with shutoff valve makes draining and cleaning quick and convenient.
- + Helps comply with Spill Prevention, Control and Countermeasure (SPCC) regulations.

U.S. Patent Nos. 5,647,412; 7,673,658; 7,921,884

Part#	Description	Dimensions in. (mm)	Containment Capacity gal. (L)	Weight lbs. (kg)
8170	2" Collar (3-gallon)	19¾ x 19½ x 13½ (501 x 495 x 343)	3 (11)	12.0 (5.5)
8171	3" Collar (3-gallon)	19¾ x 19½ x 13½ (501 x 495 x 343)	3 (11)	12.0 (5.5)
