When Help Is Needed Most Remotely Log On With Another Tech

Any technician can easily use his Launch professional tool (Pro LAU301190189 or Pro3 LAU301190171) to gain bi-directional control of another Launch professional tool. Certified technicians can analyze live data and perform special tests between any two locations with good Wi-Fi signals. Tech 2 Tech is ideal for fleets with multiple locations.

Duramax LLY, LBZ, And LMM Injector Puller Kit

- 2005 to 2010 Duramax with LLY, LBZ and LMM engines
- 13300 Duramax diesel injector puller is designed to remove injectors on 2005 to 2010 LLY, LBZ and LMM engines. Heavy carbon buildup on the head and injector tip can make the injector difficult to remove. Competitive tools don't pull the injector straight increasing friction drag between the injector and head potentially damaging either component. The 13300 puller is designed to pull the injector straight and completely out of the head reducing injector and head damage. The 13300 kit includes all components required to remove the injector in one continuous pull reducing component damage and reducing R&R service times.

DENDF1680T \$26.97

8mm HSCO Titanium Spot Weld Drill Bit

- This is our most popular spot weld drill bit; 8.0mm or 5/16th is the most common size of spot welds that need to be removed
- The Titanium coating on this bit will help prevent the bit from dulling due to overheating
- The twist is the same size as the shank which is also 8.0mm and has a flat spot on it to be tightened into our DF-15 Series Spot Weld Drills
- Specifically designed for the abuse of spot weld drilling
- Flat ground for strength, centering nib to prevent walking

DENDF1690 \$89.00

Boron Steel Spot Weld Drill Bit for UHSS, AHSS and Boron Steels

- This drill bit was created to specifically cut spot welds from Boron Steel
- Made of Tungsten Carbide this 8.0mm, special multi-layered coated, 3 fluted drill bit is the only bit that is tough enough to drill through and survive Ultra High Strength Steel, aka Boron Steel
- The three cutting edges help spread cutting forces over a greater area, thus helping prevent premature breakage
- Multi layer coating makes lubrication unnecessary
- Bit may be used with our original red ringed 1800 rpm drill or better yet with our blue ringed 1000 rpm drill

MALTSHD1 \$110.56

TurboShear Heavy Duty™ Automotive Shears Drill Attachment

- Use with minimum 14.4 volt 3/8" (9.53 mm) Cordless or Corded Drill

LEX1972914 \$21.06
LENOX Metal Max Die Grinder
Diamond Cutoff Wheel 1.5" x 3/8"

- 1,000+ cuts: MetalMax delivers 1,000 or more cuts with no need for wheel changes. That is 30 times longer life than thin bonded cut-off wheels.* Average performance for 4.5" inch wheel in 1" carbon steel square tube vs thin bonded abrasive cut-off wheels
- Long Life: Advanced diamond technology provides extreme durability in metal cutting applications, leading to increased productivity, reduced downtime
- Diameter retention: because LENOX MetalMax is made with diamonds, it doesn't get smaller. The cutting depth stays the same throughout its life
- Less dust residue: with LENOX MetalMax there is less odor and dust residue as the wheel does not wear down like bonded abrasives.
- MetalMax is recommended for multiple types of metal including steel, sheet metal, stainless steel, rebar, cast iron, aluminum* and non-ferrous metals.

POWER PROBE TEK

ALL-NEW POWER PROBE 3 S (PPRPP3S01AS)

The Power Probe 3S is designed to provide fast electrical testing, while keeping menu navigation effortless.

Building on the success of the past, this tool is now made simpler and easy to use.

SPEED

The large LCD display not only provides easier to see readings, with a simple menu you get the readings you need.

VERSATILITY

With a new flip screen feature you can see screen readings while holding the tool upside down.

SAFETY

The included 8 amp thermal circuit breaker provides protection while powering up components, relays or circuits while still allowing inrush current for larger draw components.

MENU DRIVEN

The PP3S has a menu driven screen that makes navigating a breeze for getting the test you need.
